## About Hospiscare

Hospiscare is a local charity providing an all-encompassing service for people with a terminal diagnosis. All our services are provided free of charge with the support of the local community.

What does Hospiscare do?

We provide dedicated expert care and support for local people with a terminal diagnosis.

What makes Hospiscare special is that we see each patient and members of their family as individuals, with their own needs and wishes. Read more about [Hospiscare's values](#).

Practically, we provide specialist nurses, doctors and consultants that can give a wide range of advice and guidance. Read more about [Hospiscare services](#).

Are you different from the NHS?

Yes. Hospiscare is a local independent charity, that employs professionals that are often leaders in their field. We can help with the emotional, social and spiritual problems of having a terminal illness, as well as the physical ones.
