

They look after
my whole family.

Richard, a patient from Honiton

Day centre activities

Facilities and activities

Our three day centres offer a range of services that patients may find difficult at home.

Bathing

A specially adapted bath is available. Soap, shampoo and towels are provided.

Crafts

An extensive range of crafts and activities are available at our three sites, with coordinators to help with activities.

Seating

We have comfortable seating and reclining chairs, as well as trained staff and volunteers who can help more immobile patients.

Chaplaincy

Services are held regularly by Hospiscare's chaplain, who is also there to talk about spirituality, for those of any faith or none.

Haircare

Haircare services are available most mornings, as well as manicure and handcare.

Meals

We can cater for all diets as food is prepared on the premises.

Complementary therapies

Qualified therapists provide massage, aromatherapy and reflexology.
