

Hospiscare is  
my lifeline

## Hospiscare services

Hospiscare provides a wide range of services for people with a terminal illness, all free of charge.

Hospiscare has the expertise to bring relief from pain, ease worries and help patients stay at home.

We know a life-threatening illness affects everyone differently, and have a wide range of services, therapies and people who can help.

- [Support at home](#)

Our specialist nurses visit patients at home, giving expert advice and guidance.

- [In-patient care](#)

Our hospice in Exeter gives 24-hour nursing care supported by Hospiscare doctors and consultants.

- [Day centres](#)

Hospiscare has three day centres, at their hospice in Exeter, at Seaton and in Tiverton.

- [Hospiscare at the RD&E Hospital](#)

Hospiscare's team are highly experienced in providing specialist advice, support and education at the Royal Devon and Exeter Hospital.

- [Complementary therapy](#)

Hospiscare provide caring therapies for patients and carers.

- [Services for carers](#)

Hospiscare recognise that someone caring for a patient with a terminal illness needs our support too.

- [Bereavement care](#)

Hospiscare's service doesn't stop when someone dies. Supporting those close to a patient is at the heart of our work.

- [Spiritual support](#)

Hospiscare provides care for the whole person, including supporting faith and spirituality.

- [Dignity Champion](#)

Dignity and respect is the fundamental right of all people.

- [Practical advice](#)

Hospiscare provides practical advice to support patients at home and liaises with other agencies.
