

## Local business support

Many local businesses choose to support Hospiscare. Be one of them.

### Hospiscare is good for business

Whether you are a local business or the local branch of a national company, someone in your organisation is likely to have had support from Hospiscare.

However you would like to support us, we can work together to raise awareness and funds to support local people who need our help today.

### Simply donate

Your business could simply make a donation to show support for a colleague or employee; whether you wanted to keep this private or not would be your choice.

Your donation could start a Tribute Fund in someone's name, providing a focus for colleagues and employees to contribute to throughout the year.

### An event brings people together

An event to raise funds that make a real difference can really bring a workforce together. Hospiscare arrange various events throughout the year, or why not organise your own? Tea and cakes, sponsored challenges, dress-up or dress-down days are always popular.

Want to do something festive? Why not take part in our Hamper appeal? Or have a big card rather than lots of small ones, with the money going to Hospiscare instead? Download [your Big Card here](#) or call us for a printed version.

Contact the [fundraising team](#) who can help you make the most of your own event, and will let you know of others you can join with.

### Get your brand seen

Many businesses enjoy the benefits of being associated with Hospiscare. We can develop sponsorship opportunities for your brand to get exposure to our large supporter base.

See the range of ways our current business supporters benefit. [Contact us](#) for more information.

### A gift of goods or services

Hospiscare provides a wide range of services and support, and runs a wide range of events and activities. Nearly anything your business makes or provides, we are confident we can find a use for!

Whether it is goods we can sell through our shops, services for our buildings, materials for administration, parts for our vehicles or entertainment for our events, your contribution could help cut our running costs.

Contact the [fundraising team](#) if you think you can help.
