

The Book of Memories – 2021

Thank you so much for placing a dedication in the Book of Memories this year. Your support really does mean a lot to us, and will enable Hospiscare to continue to help local patients and their families.

If we received your Light up a Life dedication after the 26th November, it may not be included in the book. We do our very best to include late entries, but it is not always possible.

The Book of Memories is alphabetical by surname, but we have tried to keep group dedications (dedications made by a supporter, to more than one loved one) together where possible.

Where alphabetical order was not appropriate, dedications have been placed in a special section at the end of the book.
