

## The Book of Memories – 2022

Thank you so much for placing a dedication in the Book of Memories this year. Your support really does mean a lot to us, and will enable Hospiscare to continue to help local patients and their families.

If we received your Light up a Life dedication after the 18 November, it may not be included in this book. We do our very best to include late entries, but it is not always possible.

The Book of Memories is alphabetical by surname, but we have tried to keep group dedications (dedications made by a supporter, to more than one loved one) together where possible.

This page has deliberately been left blank

*So sadly missed, even  
when she was so close to  
the end she said do not  
be sad. How could we  
not be sad to lose our  
amazing and wonderful  
sister*
